# CONTROL SECURE WATCH

# Survshop Security Serves and Protects Your Business.

## Top-notch Security Management.

You've worked hard to grow your business, and the last thing you want is thieves or vandalism devastating all your invested time, effort and money. You need comprehensive security solutions that remove all threats from your property, backed by the most reliable support network available.

Survshop Security is your total security solution. We are experts in keyless access control, alarm systems and security cameras. We design large-scale, full-service security solutions and give you complete control. And what's more, we take care of it all for you. We'll install your systems and train your staff, all at the pace that works best for you.

Getting top-notch security management removes the stress of crime and liability issues from your business. It means all you need to think about is making your clients happy.

Check your property  
anywhere, anytime.

Our state-of-the-art monitoring  
software gives you peace of mind  
no matter where you are.

# You Need Robust **Security**. We've Got Robust **Solutions**.

## **FULL-SERVICE SECURITY** - SOLUTIONS -

Survshop doesn't take your security needs lightly. We design and install fully customized security packages for businesses with significant assets to protect.

## **KEYLESS ENTRY** - CONTROL -

Our keyless entry systems let you decide who enters and exits any area of your building or site. We provide computerized, controlled card or FOB entry and time attendance. Setup is a breeze and, with the click of a mouse, you have control over who gets access.

## **ALARM SYSTEMS** - SECURE -

You want a secure building at all hours, and we give you that. Our sophisticated commercial alarm systems notify police if your building is entered after hours. What's more, it's easy to arm or disarm, so your staff can rest easy when they leave for the day.

## **SURVEILLANCE** - WATCH -

Security cameras are like having a trusted guard watching your inventory, personnel and property 24/7. Security cameras allow you to bring up live and motion-activated recorded images anytime from anywhere with multi-site remote software. Thieves think twice and your property is secure. We are direct dealers for companies such as Sony, Panasonic, Pelco, Keyscan, Honeywell and Bosch.

**CALL US TO DISCUSS THE BEST SOLUTIONS FOR YOU.**

# Our 5-step Process Makes **Your Security** Simple for Years to Come.

## 1. Needs Consultation

Survshop Security is Western Canada's security expert. Our strength is not only in our services, but in our people. Our process offers you total security coverage. At Survshop, we get to know you. It's how we design security solutions custom-tailored for each client. Our knowledgeable and friendly representatives will work through your security needs at your pace. If you are too busy and just require a fast quote, let us know and we'll email it without coming on site. No pressure tactics, no upselling. We just give you what you need, every time.

*"They answered their phone when the others didn't. They were personable and I asked specific questions and they were able to put together a package. They did this quickly (and we were in need of it happening quickly). Our company sent out a request to tender and they were the best deal."*

- Oryst Nazarko, Nexen Inc.

# A Quote That Fits Your Security Needs - Whatever They Are.

## 2. Custom Quote

We don't do cookie-cutter solutions. We know your security needs are different from everyone else's. After our no-fuss needs consultation, we provide you with a quote that is unique to you and you alone. We've been doing this for over a decade and don't need to take up your valuable work day to propose the right security solution for you. With us, you get no surprises and nothing unnecessary.

*"We chose Survshop because of their willingness to work with us on the reserve and their understanding of the work environment. They had great technical capabilities when we had problems, whether big or small, and they are culturally sensitive."*

- Wynand Steyn,  
Stoney Tribal Administration

# We'll Make Installation Worry-Free.

## 3. Installation

Let us take care of the installation of your system, wherever you are. You can be as involved as you'd like, but we know not everyone's as into security systems as much as we are. It's our pleasure to install your new system and software for you.

*"The service is great, the equipment is good and they give you a lot of technical feedback when required. It boils down to great service. - they give you a date and keep it."*

- Mike Martel, Nascor Inc.

# Our Customer Service is Second to None.

## 4. Ongoing Support

Our exceptional customer service means never leaving you in the dark. When it comes to the security of what you've worked so hard for, there's no question too big or too small. Give us a call anytime.

*"I like that the employees feel a sense of ownership with their company. When I have questions there is always someone who I can speak to."*

- Chung Young,  
Best Western Port O' Call Hotel

# We Keep You **Informed About Improvements** to Your System.

## 5. Improvements and updates

We're not idle when it comes to your security. If we discover a new product or service that would be perfect for your existing setup, we'll let you know.
